NAIST Tea Time #17

Muslim Religion & Culture

NAIST Tea Time is an event for our diverse academic community to strengthen ties and share information. This Tea Time's theme is the Muslim religion and its culture. Not only is Islam the second largest religion today, but also a large percentage of the international population here is Muslim. A Muslim specialist will speak along with an international student about Muslim history, culture, etc. We hope this will be an opportunity to learn and gain insight about Islam and Muslim life. This event is open to the NAIST community.

Bangladeshi snacks and tea will be served after the talks. Please come and try them.
